Membership Meeting

Coletta's Italian Restaurant
2850 Appling Road

Mark Your Calendar—Monday, February 19th
6 pm for dinner—7 pm for our program

Our featured speaker this evening is Dr. James William (Bill) Howell, who holds a Ph.D. in neurobiology and behavior from Cornell University. Dr. Howell has held teaching and research positions at Frederick College, Cornell University, and Baylor College of Medicine, and is the author of several books, book chapters, scientific papers, and articles.

However, none of this has anything to do with Monday's program. Dr. Howell is a certified car nut and historian, and has established friendships with some of the greatest automotive influencers of our time. He was a regular contributor to Collectible Automobile magazine, and has published several books on automotive design.

Dave White's Super Bowl Party

*(Lots More
Photos on
Website)*

Thank You!

The BSSC thanks all who attended this year's Super Bowl party—and special thanks to

Dave White

For making it possible!

Everyone had a great time (except perhaps San Francisco fans)

Hey y'all!

Thank you so much for coming up yesterday for the check presentation. It was great to see you all and share a little bit more about the work we do at Youth Villages.

And thank you for hosting such a fun event for our youth to attend on campus!

It was such a beautiful day and many of our kids loved seeing all the cars out on the lawn and talking to y'all.

I would be happy to come join you for a committee meeting to meet every and share information about our services and ways to get involved. Just let me know when and where, and we can coordinate.

Looking forward to working with you with you all on Euro Fest 2024! And let me know if you have any questions or need anything else from me.

Best,
Kaitlyn
